Dear Tony,

Congratulations on being named Acting Deputy Administrator. I know you are well versed in the ways of GSA and have a unique perspective on the agency that will serve us all well as we move into a new Administration.

However, I would be remiss if I did not offer to be of assistance, should it be needed. As the only career GSA official who has been in the A Suite orbit recently (at least on a day in/day out basis) and seen how and why decisions have been made - and how they are effecting us still here at GSA - I may be able to offer some unique and helpful perspective to you and to our new politicals.

If you decide my input is not required, that is totally fine too - I just wanted to make the offer and let you know I am here to help.

Again, congrats. I look forward to working with you in each of our new capacities. Glad we are in good hands.

Wow! Thank you so much for the note. I agree with everything you expressed, you described Mike, Vince and Aimee's contribution beautifully - they are terrific. I really appreciate you taking the time to write such a thoughtful note.

You and Nate were great partners. These projects are fun because of the work we get to do, but also because of relationships that we make along the way.

Thank you for the work you do. Best of luck!

Mr. Horne, first of all, congratulations on the new position! What an honor. I am excited for you and wish you all the best in this new endeavor.

I just wanted to take a quick minute to thank you for putting together a truly remarkable Transition Team. Outside of a few “hiccups” (on our side) I am grateful for how smoothly the Transition Office came together and operated over these few months. That is a testament to your leadership in determining who should be in the positions to make the difficult decisions. Though the entire GSA Transition Team conducted themselves as the consummate professionals they are, I wanted to single out a few people that were instrumental to making this thing operate as smoothly as it did from our prospective. I would like to recognize Mike Effron for his remarkable performance over these past months. Mike consistently went over and above what was expected of him. His organizational skills are something to be admired. There was no task he was above doing. From the menial task of moving furniture around to coordinating complex movements within the building on our request, Mike executed flawlessly and without complaint. Vince Eckert was a sight for sore eyes when we started this project last February. He was an invaluable team member that Nate and I leaned on for his experience as a former USSS officer and his impeccable insights into the inner workings of GSA. Our security plan would not have been as solid without his input and direction. Last, and certainly not least, Aimee Whiteman was an absolute pleasure to work with. Rarely do you find leaders like her that are able to make the difficult decisions while making people feel included and important. She has that intangible quality of relating to people no matter what their position. She was able to smooth out “issues” long before they became an issue. It was a pleasure watching her lead and interact with the Transition Team members. I have learned a lot from her. I know I am not telling you anything you didn’t already know about her though...

Nate and I will be heading back to the President’s Shifts. I think I can speak on behalf of Nate and say that this experience has been one of the best experiences of our careers. Please pass on our utmost appreciation to all of the GSA personnel that made this Transition Office a success. Again, thank you, I hope that we get the opportunity to work with you and your team in the near future.

Take care.

Mr. Horne, first of all, congratulations on the new position! What an honor. I am excited for you and wish you all the best in this new endeavor.

I just wanted to take a quick minute to thank you for putting together a truly remarkable Transition Team. Outside of a few "hiccups" (on our side) I am grateful for how smoothly the Transition Office came together and operated over these few months. That is a testament to your leadership in determining who should be in the positions to make the difficult decisions. Though the entire GSA Transition Team conducted themselves as the consummate professionals they are, I wanted to single out a few people that were instrumental to making this thing operate as smoothly as it did from our prospective. I would like to recognize Mike Effron for is remarkable performance over these past months. Mike consistently went over and above what was expected of him. His organizational skills are something to be admired. There was no task he was above doing. From the menial task of moving furniture around to coordinating complex movements within the building on our request, Mike executed flawlessly and without complaint. Vince Eckert was a sight for sore eyes when we started this project last February. He was an invaluable team member that Nate and I leaned on for his experience as a former USSS officer and his impeccable insights into the inner workings of GSA. Our security plan would not have been as solid without his input and direction. Last, and certainly not least, Aimee Whiteman was an absolute pleasure to work with. Rarely do you find leaders like her that are able to make the difficult decisions while making people feel included and important. She has that intangible quality of relating to people no matter what their position. She was able to smooth out "issues" long before they became an issue. It was a pleasure watching her lead and interact with the Transition Team members. I have learned a lot from her. I know I am not telling you anything you didn't already know about her though...

Nate and I will be heading back to the President's Shifts. I think I can speak on behalf of Nate and say that this experience has been one of the best experiences of our careers. Please pass on our utmost appreciation to all of the GSA personnel that made this Transition Office a success. Again, thank you, I hope that we get the opportunity to work with you and your team in the near future.

Take care.

Respectfully,

Sure thing - the Administrator's counterpart on our end is typically the "PAD" which used to be Andrew Mayock before he became the DDM. Until they name our new PAD, our "DAD" (division director) is Andrew Abrams, who you may already know, and I'm sure he'll be very interested to chat.

Many thanks, Tim. I've been working with the Beach Head Team and have now been contacted by the Deputy Director for Personnel at the White House (Sean Doocey) who has begun to provide the required information.

Just a note of personal thanks for all of your work during the transition - you, Andrew Mayock and the entire team did an excellent job of keeping all agencies, including smaller ones like ours, informed, and we greatly appreciated it.

Best regards,
Enoh

Sean, once the President names an acting Administrator of General Services, Toni Harris, the head of HR for GSA will notify our communications staff to inform the employees of the agency.

Also, for your information, the nominee for acting Administrator would likely have to have an initial vetting by our ethics official, Eugenia Ellison, in order to address any potential conflicts of interest in their financial holdings.

Dear GSA Employees:

It is an honor and a privilege to serve as Acting Administrator until the President names, and the Senate confirms, the next GSA Administrator.

To ensure our continued progress as an Agency and a seamless transition to the incoming Administration, I am pleased to announce that Kevin Youe Page will serve as Acting GSA Deputy Administrator, and Gregg Tremow will serve as Acting GSA Chief of Staff. Additionally, I have asked the following individuals to serve as Acting Regional Administrators in their respective Regions:

- Region One: Glenn Rotondo
- Region Two: Frank Santella
- Region Three: Joanna Rosato
- Region Four: Erv Koehler
- Region Five: John Cooke
- Region Six: Dennis O'Connell
- Region Seven: Jim Weller
- Region Eight: Tim Horne
- Region Nine: Dan Brown
- Region Ten: Tiffany Hixson
- Region Eleven: Paula Demuth

Kevin, Gregg, and the regional leaders listed above will serve in an acting capacity until the President appoints individuals for these leadership positions. And I plan to continue in my role as Commissioner of Public Buildings while serving as Acting Administrator, working closely with my fellow Commissioners Tom Sharpe and Rob Cook.

As we transition from one Administration to the next, we must remain committed to our Agency mission to provide best value in real estate, acquisition, and technology services to government and the American people.

During this transition period, I expect us all to:

- Focus on our key initiatives and organizational priorities;
- Reinforce our commitment to the basic principles of customer service and support; and
- Be responsive and flexible and allow the incoming Administration to set the future direction for the Agency.

Since I began at GSA almost three years ago, I have been so impressed with the quality of our people, and the impact of our work. I appreciate the opportunity to be part of our team here at GSA, and I look forward to continued success as we move forward as an Agency.

Sean, once the President names an acting Administrator of General Services, Toni Harris, the head of HR for GSA will notify our communications staff to inform the employees of the agency.

Also, for your information, the nominee for acting Administrator would likely have to have an initial vetting by our ethics official, Eugenia Ellison, in order to address any potential conflicts of interest in their financial holdings.

Please feel free to call me at [202-365-7602](tel:202-365-7602).

Between Tony, Joanna and I we have contacted all of the acting RA's outlined in Norm's email. All are willing to serve. We may have to make a change down the road based on workload in Region 10, but I think we should keep it as is for now. Also please substitute Bob McCall for Joanna Rosato and Leigh Ann Bunetta for me in Region 8.

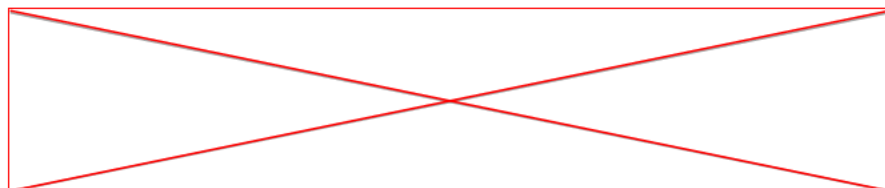

Happy to chat throughout the evening as required.

Agency Transition Directors,

Today is Andrew's last day at OMB and he asked me to pass along a message (below). On a personal note, it's been a honor working with you and your teams on the Presidential transition. I hope we have an opportunity to work together again in my new role on the OMB Performance & Personnel Management (PPM) team which starts Monday.

Best,

Asma Mirza

Agency Transition Directors,

In 2008 I join the PETT for then President-elect Obama. After serving on ARTs I started on day 1 of the Administration as an initial team at Treasury, benefiting greatly from the time and professionalism put in by the Bush Administration. Eight years later, it's been an honor to work with you on this transition over the past eight months. While many will never see all the work that goes in behind the scenes to make the transition as smooth as possible during a time of inherent change and uncertainty, I know it would not be possible without this dedicated crew.

Thank you for serving this Administration, the next Administration, and the American people. —Andrew Mayock

Hi Rob

My responses are in blue. Happy to jump on a call if it helps.

- Regarding the Entry on Duty date, I assume that the appointees would not be arriving on 1/20 (due to the inauguration) but rather that you are requesting that the appointment date be 1/20. Is that correct? I wanted to quickly clarify.

The Trump team's expectation is that beach head teams will show up for work on January 20 and 12:01 pm (assuming they have been processed by the servicing HR office). Also, they recognize that some buildings may not be accessible due to inaugural activities, in these cases the request is that the appointees be processed as soon as possible.

- If different than 1/20, do you have any information on the actual start date for both appointees? Your WH Liaison can answer specific questions about expectations, please feel free to reach out to him.

- Regarding the appointment authority – I assume TTS refers to Temporary Transition Schedule C Authority, correct? These do not refer to a full-time Schedule C appointment? You are correct - TTS is Temporary Transition Schedule C.

- Should we be reaching out directly to the appointees for more information from them (start date, biographical information, etc.) at this time?

Yes

Hi Timothy –

Greetings!

Attached is a list of individuals that the PETT would like to have on-board on January 20th. I have pasted an email from Rick Dearborn to me which articulates what the PETT is looking for. This is for purposes of getting appointees on board by January 20th only. The process for sharing agency information has not changed. If the individual(s) requests access to agency information prior to January 20th, the procedures laid out in the WH MOU with the PETT should be followed.

Here is some additional information -

1. The PETT is asking agencies to use normal agency business rules and procedures to set the pay.
2. These names should be shared in your agency on a need to know basis only.
3. The "Utility" position will be responsible for "providing assistance to the agency head as directed."
4. Your designated White House Liaison is available to answer any specific questions about appointments for your organization.

Please let me know if you have any questions and I will funnel them to the Trump team. CC'ing Jamise Harper to help me keep track of all of this.

Thank you

Email From Rick Dearborn

Hi Tim,

The PETT requests that the Transition Coordinating Council establish a centralized procedure for transmitting information to department/agency HR and Security offices to enable the new administration's non-career personnel to enter on duty on 20 January at 12nn.

The PETT proposes that the PETT will transmit biographical information, appointing authority, pay plan, and grade/salary information to the Transition Coordinating Council through OMB who will transmit the information to the respective department/agency's Senior Transition Official. The department/agency's Senior Transition Official will ensure that all necessary security and human resources actions are taken to allow the new appointees to enter on duty on 20 January at 12nn.

The PETT requests that the Transition Coordinating Council survey each department/agency to identify deadlines by which the PETT must transmit the necessary information to facilitate a 20 January arrival date. The PETT also requests, that where applicable, the departments/agencies process required security clearance actions through their own channels.

The PETT's points of contact for this memo are Sean Doocey and Elizabeth Pinkerton.

Many Thanks,

Rick Dearborn

Subject: RE: BBG Beach Head Team Names

Tim,

I had the pleasure of speaking with you earlier this week with Rob Fallon from BBG. As a reminder, I'm Marie Lennon, BBG's Director of Management Services. Our HR Director was able to talk with Laura Lynch today and we have some additional questions on the roles of Mr. Shuck and Mr. Ciepielowski that Laura suggested we run by you.

I'm sure you are crazy-busy and I'm happy to send you the questions via email or be available for a call if that's more convenient.

Many thanks,
Marie

Hi Rob

My responses are in blue. Happy to jump on a call if it helps.

- Regarding the Entry on Duty date, I assume that the appointees would not be arriving on 1/20 (due to the inauguration) but rather that you are requesting that the appointment date be 1/20. Is that correct? I wanted to quickly clarify.

The Trump team's expectation is that beach head teams will show up for work on January 20 and 12:01 pm (assuming they have been processed by the servicing HR office). Also, they recognize that some buildings may not be accessible due to inaugural activities, in these cases the request is that the appointees be processed as soon as possible.

- If different than 1/20, do you have any information on the actual start date for both appointees? [Your WH Liaison can answer specific questions about expectations, please feel free to reach out to him.](#)

- Regarding the appointment authority – I assume TTS refers to Temporary Transition Schedule C Authority, correct? These do not refer to a full-time Schedule C appointment? [You are correct - TTS is Temporary Transition Schedule C.](#)

- Should we be reaching out directly to the appointees for more information from them (start date, biographical information, etc.) at this time?

Hi Timothy –

Thank you for reaching out! We were not sure if we were receiving a beachhead team but, of course, welcome the new team members.

I will double back with our HR team to determine what will be needed to process these

appointments quickly. Could I ask a few questions to assist us as we do so?

Greetings!

Attached is a list of individuals that the PETT would like to have on-board on January 20th. I have pasted an email from Rick Dearborn to me which articulates what the PETT is looking for. This is for purposes of getting appointees on board by January 20th only. The process for sharing agency information has not changed. If the individual(s) requests access to agency information prior to January 20th, the procedures laid out in the WH MOU with the PETT should be followed.

Here is some additional information -

1. The PETT is asking agencies to use normal agency business rules and procedures to set the pay.
2. These names should be shared in your agency on a need to know basis only.
3. The "Utility" position will be responsible for "providing assistance to the agency head as directed."
4. Your designated White House Liaison is available to answer any specific questions about appointments for your organization.

Please let me know if you have any questions and I will funnel them to the Trump team. CC'ing Jamise Harper to help me keep track of all of this.

Thank you

Email From Rick Dearborn

Hi Tim,

The PETT requests that the Transition Coordinating Council establish a centralized procedure for transmitting information to department/agency HR and Security offices to enable the new administration's non-career personnel to enter on duty on 20 January at 12nn.

The PETT proposes that the PETT will transmit biographical information, appointing authority, pay plan, and grade/salary information to the Transition Coordinating Council through OMB who will transmit the information to the respective department/agency's Senior Transition Official. The department/agency's Senior Transition Official will ensure that all necessary security and human resources actions are taken to allow the new appointees to enter on duty on 20 January at 12nn.

The PETT requests that the Transition Coordinating Council survey each department/agency to identify deadlines by which the PETT must transmit the necessary information to facilitate a 20 January arrival date. The PETT also requests, that where applicable, the departments/agencies process required security clearance actions through their own channels.

The PETT's points of contact for this memo are Sean Doocey and Elizabeth Pinkerton.

Many Thanks,

Rick Dearborn
